The Auditor General's duties

We completed work during 2023-24 to meet the following duties

- **Audit of Accounts**

Each year, the Auditor General audits the Council's financial statements to make sure that public money is being properly accounted for.

- **Value for money**

The Auditor General examines whether the Council has put in place arrangements to get value for money for the resources it uses, and he has to be satisfied that it has done this.

- **Sustainable development principle**

Public bodies need to comply with the sustainable development principle when setting and taking steps to meet their well-being objectives. The Auditor General must assess the extent to which they are doing this.

³ We define useable financial reserves as reserves usable for revenue costs, where the purpose is not protected by law. This is the total of the general fund, earmarked reserves and schools' balances. It excludes Housing Revenue Account reserves, capital receipts and capital grants unapplied.

What we found

Audit of Bridgend County Borough Council's 2023-24 Accounts

To meet the Auditor General's duties we complete specific projects, but we also rely on other audit work, and the work of regulators such as Care Inspectorate Wales and Estyn (the education inspectorate). We take the findings of our audit work into account when assessing whether the Council has put in place arrangements to secure value for money. Our findings and conclusions are summarised below.

Each year, we audit the Council's financial statements.

For 2023-24:

- the draft statements were presented for audit on 17 July 2024. This was after the deadline of 30 June 2024 set by the Welsh Government.
- the quality of the draft statements presented for audit was generally good.
- the Auditor General gave an unqualified true and fair opinion on the Authority's financial statements on 29 November 2024, before the deadline agreed with the Welsh Government of 30 November 2024.
- the Authority's Annual Governance Statement and Narrative Report were prepared in line with the CIPFA Code and relevant guidance. They were also consistent with the financial statements prepared by the Authority and with our knowledge of the Authority.
- a number of changes were made to the Authority's financial statements arising from our audit work, which were reported to the Audit Committee in our Audit of Financial Statements Report in November 2024.
- in addition to the Auditor General's responsibilities for auditing the Council's financial statements, he also has responsibility for the certification of a number of grant claims and returns. Our work to date has not identified any significant issues.
- the Auditor General issued the certificate confirming that the audit of accounts for 2023-24 has been completed.

Assurance and risk assessment review

We reviewed the arrangements the Council has put in place to secure value for money in the use of its resources in line with the Auditor General's duties. Our assessment is also used to inform our work planning for future years.

Financial Sustainability

During 2024, we reviewed the Council's financial sustainability including a focus on the actions, plans and arrangements to bridge funding gaps and address financial pressures over the medium term. We found that the Council understands its financial position with good arrangements to support its financial sustainability which it flexes and adapts, but is at the early stage of developing its long-term approach.

Local project – Setting of Well-being Objectives

We conducted this review to assess the extent to which Bridgend County Borough Council has acted in accordance with the sustainable development principle when setting its well-being objectives. We found that the Council has applied the sustainable development principle when setting its well-being objectives, but there are opportunities to build on how it involves citizens and how it intends to work with partners.

Local project – Review of decision-making arrangements

We reviewed decision-making arrangements to establish whether the Council has put in place proper decision-making arrangements to secure value for money in the use of its resources. We found that the Council generally has proper decision-making arrangements in place but weaknesses in forward planning and pre-decision scrutiny are undermining their effectiveness.

National reports and products published in 2024

The Auditor General is independent of government and was appointed by Her Majesty the Queen. The Auditor General undertakes his work using staff and other resources provided by the Wales Audit Office, which is a statutory board established for that purpose and to monitor and advise the Auditor General. The Wales Audit Office is held to account by the Senedd.

The Auditor General audits local government bodies in Wales, including unitary authorities, police, fire and rescue authorities, national parks, and community councils. He also conducts local government value for money studies, assesses compliance with the remaining requirements of the Local Government (Wales) Measure 2009 and may undertake special inspections under the Local Government and Elections (Wales) Act 2021.

Beyond local government, the Auditor General is the external auditor of the Welsh Government and its sponsored and related public bodies, the Senedd Commission, and National Health Service bodies in Wales.

Audit Wales is the non-statutory collective name for the Auditor General for Wales and the Wales Audit Office, which are separate legal entities with their own legal functions, as described above. Audit Wales is not a legal entity.
